

## Underground Parking

This is the entrance to the underground garage. Please temporarily park your car on the **right side** of the entrance so that other cars can still enter and exit on the left.

The **key for the garage gate** is located inside your apartment, next to the board in the hallway. You can find out how to access your apartment and get the key in your guest guide under the "**Access**" tab.

Once you have retrieved the key, please return to your car.

You will find a key switch on the **left wall** of the garage entrance. You can open the roller shutter gate using the key from your apartment.

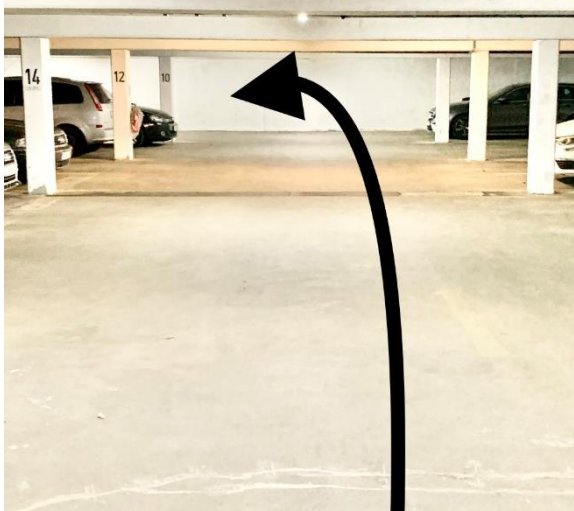

Inside the garage, you can park in either **space No. 11 or No. 44**. You can also recognize them by the red sign labeled "Cottbus-Apartments".

### Parking Space No. 11:

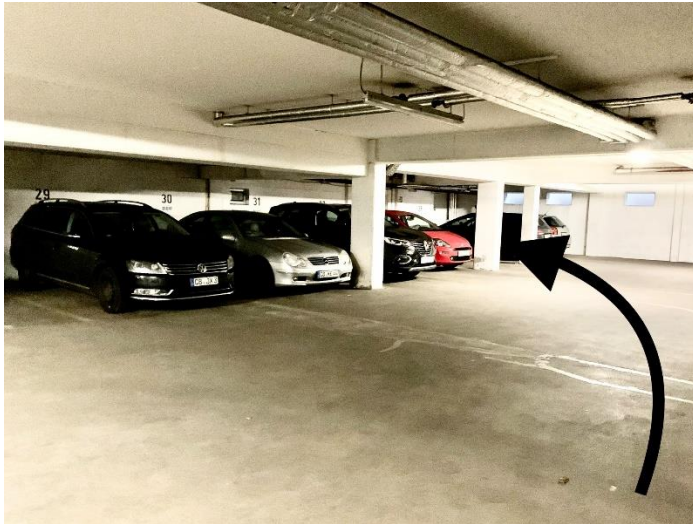

## Parking Space No. 44:

The stairwell to your apartment is located at the back of the garage. The entrance is marked with a "**No. 1**" above the door frame:

---

From there, please proceed back up to the **4th floor** to your apartment.

Enjoy your stay!
