

Warm welcome and once again many thanks for your trust in us!
With this letter, I would like to give you some helpful information for your arrival and your stay in the apartment.

Arrival

The exact address of the building is: Spreestraße 25 A, 03051 Cottbus

And this is what your accommodation looks like:

Parking

You can park your car directly to the left of the carport, in front of the garage on the property. To access the property, simply slide the rolling gate to the left by hand.

Check-in

Check-in is relaxed and flexible via a key box on site. This means you have no time pressure or stress upon arrival.

And this is how you find your apartment:

On the back of the pillar – where you also parked your car – there are two key boxes. Your key box is labeled "Landhaus" (Country House).

You have already received the current code in a separate message.

Open the black cover to reveal the number pad. Then enter the current code and press the black switch downward. You can now remove the key and close the key box again. Please scramble the combination lock before heading to the apartment.

The entrance to the Landhaus is located at the front facing the street, behind the rolling gate:

Have a great time in the Landhaus and let me know if there is anything else I can do for you!
